CLHS Inclement Weather Instructions

As the winter approaches, we would like to remind families of the inclement weather procedures for transportation.

- If your child's sending district has a morning delay or early dismissal, your child's bus will be delayed or dismissed early.
- If your child's school is open, but your home school district is closed, transportation will not be provided from your town. This is because the town in which you live has deemed the roads impassable or unsafe for travel. If your child is attending school, transportation to and from school is the responsibility of the parent or guardian.
- If your child's school is on time and your home school district has a morning delay or early dismissal, the bus will operate on the morning delay or early dismissal time. The morning delay or early dismissal may be later than publicized if the bus serves multiple towns. Please see next bullet.
- If your child rides a bus that serves multiple towns, the bus will operate on the longest delay or earliest dismissal of all those towns. Information on what towns your child's bus serves can be found in the Bus Route Information section of our website at www.crec.org/transportation.
- If your child rides a bus that serves multiple towns and the school is open, the bus will pick up in towns that are open but not in towns where the schools are closed. If you live in a town where schools are closed, you will be responsible for transporting your child to and from school.

*** You can learn about school delays and closing information from the radio or television, or you can find the information on the Internet at www.wfsb.com and www.wvit.com.**

College Representative Visits

Attention Parents/Guardians of 11th and 12th graders! Colleges are already visiting CLHS. Please be sure to have your student sign up for those colleges of interest via Naviance.

- 11/27 Post University
- 12/13 Capital Community College

***Note: If students need assistance with Naviance, please have them visit their assigned counselor.**
